& Career Network

## College Consulting

DEVELOPING COLLEGE & WORK PROGRAMS  
FOR 9-12<sup>th</sup> GRADE STUDENTS

**CN<sup>2</sup>**

# College Consultant Services

---

**College Now and Career Network** specializes in helping high achieving students reach their goal of attending an Ivy League School and other elite universities. Our specialties include: international students, student-athletes, and transfer students.

With over 3,000 colleges to choose from and growing competition for admission, the college search and application process has become extremely complicated. The decisions and strategies involved in college and secondary school admissions require time and energy from both parents and students. We manage the entire process and ensure students are encouraged throughout.

**We specialize in enrolling 9th – 12<sup>th</sup> grade students into top colleges while they are still in high school!**

**Cost: \$2500+**

Contact us to find out more about enrolling your student into a top performing academic school.

**I received amazing academic and career counseling  
from: College Now & Career Network  
Thank You! - Ibriz Morris, Washington D.C.**
